

Fashion Magazines

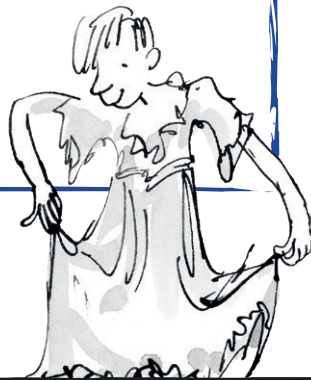

The earliest paper publications featuring fashion articles and illustrations appeared in some countries as early as the 17th century.

A range of fashion magazines, such as 'Vogue', are available across the world today. Traditionally, these have been paper-covered, weekly, fortnightly or monthly publications that contain relevant pictorial and written articles. In recent years, many fashion magazines have evolved to publish online versions too.

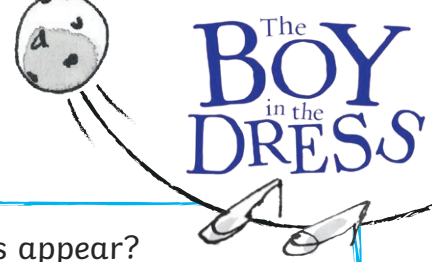

From the outset, 'Vogue' presented illustrations and articles relating to clothing, arts and lifestyle. With the dawn of fashion photography came the portrayal of men and women through photographs, though the magazine's content remains based around similar fashion-related topics today.
