

## Geography - How does the weather affect us?

Choose a weather type and write down all the activities you can do in that weather (for example, when it is windy you can fly a kite). As an extension, can you design an outfit for your weather type? Don't forget to include any accessories you might need!

## Computing - Grouping Data

Can you create a tally chart? In school we are counting the different types of transport that travel past school but you could count the different types of mini beasts in your garden, different colours of Lego bricks you have etc.

Watch this video before you start -

## Handwriting

A copy of a poem 'Daffodils' has been uploaded to the website. Can you copy the poem in your neatest handwriting?
